

include/Logger.hpp

```
graph TD; A[include/Logger.hpp] --> B[iostream]; A --> C[fstream]; A --> D[string];
```

A diagram illustrating the dependencies of the `include/Logger.hpp` header file. The header file is shown in a grey box at the top, with three blue arrows pointing downwards to three white boxes below it. The boxes are labeled `iostream`, `fstream`, and `string`, representing the standard library headers that the Logger header includes.

`iostream`

`fstream`

`string`
